- 10.2 Based on our inspection of the property for valuation purposes, no evidence was noted to suggest that the property may have been affected in the past by any significantly adverse ground conditions.

11 OTHER ENVIRONMENTAL ISSUES

ISSUES	COMMENTS
Equality Provisions	There do not appear to be any valuation issues resulting from the Equality Act.
Asbestos	We are unaware as to whether an asbestos survey has been undertaken.
Mining	This is not a mining area.
Mundic Block	Not applicable in this area.
Radon	This is not an area where radon is of concern.
Invasive Species	We did not identify any Japanese Knotweed or other invasive species at the property on the day of inspection.
Archaeological Remains	We saw no evidence of such remains and we assume no such remains exist.
Subsidence/Landslip	There is a moderate potential risk of foundation damage to properties within the postcode of the subject property. We have assumed appropriate insurance is in place.

- 11.1 Energy Performance Certificates (EPC's) are required by law when a dwelling is constructed or marketed for sale or to let. The property has a current EPC rating of B (39).
- 11.2 The UK Government has enacted legislative changes to make it unlawful to let residential or commercial properties with an EPC Rating of F or G (i.e. the lowest 2 grades of energy efficiency) from 1 April 2018. This is likely to have an adverse effect on the value of properties with poor EPC ratings as necessary improvements could be costly.

12 TENURE AND OCCUPATIONAL LEASES

- 12.1 We are informed that your customer is proposing to acquire the freehold interest in the premises. We have assumed that there is a good and marketable title being free from any charges or encumbrances that would deter an informed and prudent purchaser or have a detrimental impact upon value.
- 12.2 We have not been provided with a copy of any Report on Title.
- 12.3 The property is being valued assuming vacant possession and also subject to the lease.

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH

Report Reference: BX039445

12.4 The property is let on a lease to expire in October 2024 drawn on standard FRI terms subject to a current passing rent of £25,000 per annum.

12.5 It is important that your legal advisors verify the above details in their Report on Title and should confirm the above information and assumptions during the course of their pre-contract enquiries and should any documentation become evident to the contrary, we reserve the right to amend our valuation advice accordingly.

13 BUSINESS RATES

13.1 We have examined the Non Domestic Business Rates Database on the Valuation Office website www.voa.gov.uk the entry is:-

Description	Rateable Value
Retail Unit & Premises	£28,500

14 INSURANCE RE-INSTATEMENT COST

14.1 We have been requested to provide a Reinstatement Cost Estimate and have carefully considered the style and construction of the property, whether or not it is listed or in a conservation area and after reference to the most recent edition of the Building Cost Information Service (BCIS) of RICS it is our advice that the property should be insured for a minimum sum of £195,000 (One Hundred and Ninety Five Thousand Pounds). This sum allows for demolition, site clearance, full reinstatement and professional fees but excludes loss of rent provision and any allowance for inflation. If the insurance policy is not index linked throughout the term the cost of rebuilding may well be greater close to the time of renewal and it may therefore be appropriate to insure for a higher sum to allow for increasing costs. Partial rebuild may attract VAT.

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

14.2 This insurance reinstatement appraisal is provided for guidance only. It does not take into account any additional Local Authority requirements, which may be involved in the rebuilding and assumes that there are no foundation problems or need for abnormal foundations or rebuilding. It should therefore be verified by a specialist commercial buildings insurance assessor.

14.3 The cost of rebuilding bears no relationship to Market Value.

15 MARKET COMMENTARY

Commercial Properties

15.1 It is clear from market commentators that most practitioners in the commercial sector are sensing recovery is underway following Brexit, and Covid restrictions, although conditions remain tough in particular for offices and retail.

15.2 Occupier demand and thus investor demand remains weak for offices and retail premises, this may in part be related to many more workers reconsidering working practices, in particular working from home, and on-line shopping.

15.3 However, although commentators report a weakness in the offices and retail sectors, the feedback is not quite as downbeat as it has been in the previous three quarters.

15.4 Probably not surprising following 2020, and the series of lockdowns, the outlook for most commercial property sectors over the next quarter is shifting in a more positive direction than it has been, and the market seems to be showing early stages of an upturn. That said, the industrial / logistics sector as well as some alternative asset classes appear to be driving the bulk of this improvement while activity remains subdued across the retail and office sectors.

15.5 On the occupier side, the 'Headline Tenant Demand' indicator posted a net balance at -5% year on year, compared against the last quarter which at that time was -27%. This suggests an uptick in demand in general.

15.6 Looking into sector specific details, there has been an increase in tenant demand for industrial space, indeed the strongest demand since 2015, though demand for offices and retail sectors over the course of the past 12 months or so has fallen 34% and 55% respectively, according to the RICS.

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

- 15.7 Meanwhile, availability remains on the rise across the retail sector. Although the regional figures point to London seeing the strongest increase in retail vacancies over the last quarter, there was still a widespread pickup in availability across all other parts of the UK.
- 15.8 In response to the announcement by the government of new rules extending Permitted Development Rights (PDR) to allow commercial premises including retail to be converted into residential, it would appear that there are two principal areas that are important to consider. Most market commentators feel that the extension of the PDR needs to be supported by minimum standards of quality and space for the housing units likely to be the result. Additionally, there will be a need for local authorities to ensure that the quality of conversion is high, so that healthy high streets are maintained, and that there is no impact on remaining commercial units close by.
- 15.9 In terms of investment market trends, over the past quarter, investor enquiries have risen 4% since Q4 2020. This is the first occasion since Q3 2018 when this sector has been in positive territory. However, investment demand remains higher in the industrial sector than it is within the office and retail sectors. Investor demand conditions remain highly divergent across different portions of the market.
- 15.10 In the coming twelve months, capital value expectations remain firmly negative for office and retail premises, whether they be prime or secondary, albeit that the projections are a little less downbeat than they were at the end of 2020. In the industrial sector, further acceleration in capital value growth is envisaged, although gains across prime assets are still expected to outstrip those for secondary. In the alternative sectors, capital value expectations moved further into positive territory for multi-family residential, data centres and aged care facilities. At the other end of the spectrum capital values are still anticipated to decline across hotels and student housing.
- 15.11 Overall, market conditions are consistent with the early stages of an upturn, but this upturn will vary considerably across the various commercial market sectors.

16 VALUATION METHODOLOGY & COMPARABLES

- 16.1 The valuation has been prepared in accordance with normal practice taking into account comparable evidence and current market conditions. In determining our opinion of Market Value, we have had regard to both the comparison method of valuation and the identification of a projected Market Rent and the capitalisation of the adopted income stream with an applicable investment yield.
- 16.2 We have carried out our usual research and enquiries and have analysed the existing commentaries and online databases which we have assumed to be accurate in determining our opinion as to the Market Value of the subject property. Information has also been obtained from internal records.
- 16.3 The transaction dates for the evidence listed below is inevitably historical. We have reflected in arriving at our opinion of value our estimate of more recent changes in supply and demand and values in the locality in our consideration of the evidence to assist us in arriving at our opinion of value.
- 16.4 In arriving at our opinion of value we have had regard, inter alia, to the following comparable evidence: -

17 VALUATION ANALYSIS

- 17.1 The subject property comprises a mid-terraced commercial investment property let to Holland and Barrett. It occupies a position on the Warwick Road in the heart of Acocks Green, which is a busy thoroughfare and adjoins the commercial heart of Acocks Green, an area occupied by a mixture of local traders interspersed with high street retailers. The property is located on this busy road junction.
- 17.2 It is let on a lease due to expire in October 2024 drawn on standard FRI terms at a current passing rent of £25,000 per annum (agreed in 2021). This equates to an ITZA rate of £39 per sq ft. The comparables show a wide range of £34 -£54 per sq ft ITZA. However, the rents at the upper end of the range are more historical rents. The recent letting of Cash Generator unit at £34 per sq ft ITZA, and Boots also at £34 per sq ft ITZA are the most recent evidence, and provides an indication that the rental levels being achieved in the area have fallen in recent years. Based on the recent evidence, we are of the opinion the property could be considered slightly over rented. Applying a rent of £34 per sq ft ITZA provides a market rental value of £21,750 per annum (rounded). Therefore, at renewal there may be scope for the tenant to negotiate a further reduction in rent.

- 17.3 The yield range of the comparables range from 7.4% to 8.8%. The majority of these have relative short unexpired leases and are possibly let at rents which would be considered unsustainable based on recent lettings.
- 17.4 We would capitalise the over rented element of £3,250 at a 10% yield for the 2 year period which provides a value of £6,000 (rounded). The property is being purchased for £280,000. Therefore, when accounting for the over rented element, the purchase price reflects a 7.9% yield. The applicant purchased the neighbouring property let to Boots at a 7.2% yield, although that did have 5 years to lease expiry, so a longer period for rental certainly. We believe a 7.9% yield could be considered slightly favourable, possibly due to the fact that the applicant purchased two properties at the same time. However, as it is a market transaction, we are satisfied the level agreed is within tone of the comparables.
- 17.5 We are pleased to report that a marketing period of no more than six months would be required in order to secure a sale at this level.
- 17.6 Your instructions have requested a Vacant Possession Value. In this instance we have adopted a slightly more cautious 9% yield which provides a Vacant Possession Value of £225,000.

1.0 The Service

1.1 Our Valuer will provide directly to the Client Lender a Report based on an inspection as described below. In respect of the subject property, our Valuer will be an Independent Valuer, who is a Corporate Member of the Royal Institution of Chartered Surveyors, and:-

- (a) in respect of the particular type of property, has sufficient current local, national and international (as appropriate) knowledge of the particular market and the skills and understanding necessary to undertake the valuation competently;
- (b) each valuation will be prepared by, or under the supervision of, an appropriately qualified Member who accepts responsibility for it.
- (c) has, and whose partners, co-directors and employees, have, no other recent or foreseeable potential fee-earning relationship concerning the subject property, apart from the fee for the service and who has disclosed any past or present relationship with any of the interested parties or any previous involvement with the subject property as required by the Royal Institution of Chartered Surveyors, and no significant financial interest or management involvement in the borrower's concern.

1.1.1 Our valuer will act with independence, integrity and objectivity in undertaking the valuation.

1.1.2 In the event that the instruction is issued by you as a prospective borrower, or a broker you should be aware that the Report may not be acceptable to a lender.

1.2 The Report will provide the following points:-

1.2.1 A full description of the property, its location, apparent state of repair and other relevant information such as the site area and floor space;

1.2.2 Our Valuer's valuation (s):-

- (a) on whichever of the bases (see paragraph 4 below) have been agreed between our Valuer and the Client Lender and/or such other basis as they may have agreed;

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

- (b) if our Valuer believes there is a special prospective purchaser, on the above basis(es) but reflecting the bid of that special prospective purchaser:-
 - (i) where the valuation(s) reported pursuant to (a) above, has/have been affected by the existence of an unimplemented planning consent for change of use or other development or by the prospect of such consent(s) being available, our Valuer will so report and advise as to the amount(s) of the increase reported in consequence.

1.2.3 In the case of property to be held as an investment:-

- (a) a projection, at rental levels current at the reporting date, of the rental income to which the owner will be entitled from the property if it remains fully occupied;
- (b) an opinion upon the effects on value of the quality and terms of the lease(s) and relevant implications upon the valuation in respect of privity of contract (if any); and
- (c) our Valuer's view of the market's opinion of tenant covenants for the class of the subject property in the subject locality.

1.2.4 Advice, if our Valuer considers it relevant, that there is a significant prospect of or potential for change of use or other development of the subject property, or those in the vicinity, which would materially affect the value of the subject property.

1.2.5 Advice on any other factors, which our Valuer considers, is likely materially to affect the status of the property as security.

1.2.6 Comment upon the proposed purchase price if this has been notified to our Valuer.

1.2.7 A statement as to any special assumptions which our Valuer has made.

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

- 1.2.8 Our Valuer's opinion of the property as a lending security in terms of present saleability, suitability, expected obsolescence and potential, bearing in mind the length (which will be stated) of the term of the loan contemplated by the Client Lender and assuming that the borrower will maintain the property in a reasonable state of repair.
- 1.2.9 An opinion (without liability on the part of the Valuer) of current market conditions and current and expected trends in respect of the type of property in the area.
- 1.2.10 A statement as to the valuation method adopted, and an indication as to the extent to which our Valuer has been able to have regard to comparable market transactions:-
- (a) in the case of property valued for the existing use as an operational entity having regard to trading potential, the opinion which our Valuer has formed as to the future trading potential, including the gross income and profitability likely to be achieved; and
 - (b) in the case of property valued on a residual basis, the significant material figures and assumptions made and the consequences of changes thereto.
- 1.2.11 If requested by the Client Lender, an indication for insurance purposes (which is given solely as a guide, as a formal estimate for insurance purposes can be given only by a quantity surveyor or other person with sufficient current experience of replacement costs) of the current reinstatement cost of:-
- (a) the buildings in their present form (unless otherwise stated); or
 - (b) buildings being constructed as proposed to be completed; each including the costs of clearance and professional fees but excluding:-
 - (i) VAT (except on fees);
 - (ii) loss of rent; and/or
 - (iii) cost of alternative accommodation for the reinstatement period.

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

- 1.2.12 Any other aspects, other than the usual legal investigations, which our Valuer considers require further consideration or investigations by or on behalf of the Client Lender.
- 1.3 Following provision of the Report, our Valuer will be prepared to discuss its contents with the Client Lender's representative.
- 1.4 Our Valuer shall, unless otherwise expressly agreed, rely upon information provided by the Client Lender and/or the Client's legal or other professional advisers relating to tenure, leases and all other relevant matters. No responsibility or liability will be accepted for the true interpretation of the legal position of the client or other parties.
- 1.5 Subject to paragraph 2.1 below, our Valuer shall carry out such inspections and investigations as are, in his or her professional judgement, appropriate and possible in the particular circumstances. These will include oral town planning enquiries.
- 1.6 If our Valuer's inspection suggests that there may be material hidden defects our Valuer will so advise and may exceptionally defer submitting a final Report until the results of further investigations are available.
- 1.7 The report will not identify the existence of contamination unless, by agreement with the Client Lender, reports thereon from others have been obtained and made available to our Valuer, who will have no liability in respect thereof. If, however, our Valuer in the course of his/her inspection concludes that there may be material contamination, our Valuer will report this to the Client Lender with a view to a decision being taken as to whether the instructions are to be amended.
- 1.8 In preparing the report, unless otherwise stated by our valuer, the following assumptions will be made which our Valuer shall be under no duty to verify:-
- (a) that no deleterious or hazardous materials or techniques were used in the construction of the property or have since been incorporated;
 - (b) that good title can be shown and that the property is not subject to any unusual or especially onerous restrictions, encumbrances or outgoing;
 - (c) that the property and its value are unaffected by any matters which would be revealed by a local search and replies to the usual enquiries, or by any statutory notice, and that neither the property, nor its condition, or its use, or its intended use, is or will be unlawful;

Property Address: 1084 Warwick Road, Acocks Green, Birmingham, B27 6BH
Client Reference: RAH02067#4
Report Reference: BX039445

- (d) that inspection of those parts that have not been inspected would neither reveal material defects nor cause our Valuer to alter the valuation(s) materially; and
 - (e) unless otherwise stated, that no contaminative or potentially contaminative uses have ever been carried out on the property and that there is no potential for contamination of the subject property from past or present uses of the property or from any neighbouring property.
 - (f) that no alterations are required under the Equality Act 2010.
 - (g) that, regarding asbestos, there are no onerous liabilities resulting from a survey, risk assessment, or asbestos register.
- 1.9 In providing the Service our Valuer will have regard to relevant contents of the *RICS Valuations - Global Standards 2022 (The Red Book)*.
- 1.10 The report will be provided for the stated purpose and for the sole use of the named Client Lender. We accept responsibility to the Client Lender alone that the report will be prepared with the skill, care and diligence reasonably to be expected of a competent Valuer, and accept no responsibility whatsoever to any parties other than the Client Lender. Any such parties rely upon the Report at their own risk. Neither the whole nor any part of the Report, nor any reference to it, may be included in any published document, circular or statement, or published in any way, without our Valuer's written approval of the form and context in which it may appear.
- 1.11 In the event of a proposal to place the loan on the subject property in a syndicate, the client must notify the valuer with a view to agreeing responsibility to the further, named parties.

2.1 Our Valuer will undertake a visual inspection of so much of the exterior and interior of the property as is accessible with safety and without undue difficulty as can be seen whilst standing at ground level within the boundaries of the site and adjacent public/communal areas and whilst standing at the various floor levels, which our Valuer considers reasonably necessary to provide the Service, having regard to its purpose. Our Valuer is under no duty to carry out a building survey or to inspect those parts of the property which are covered, unexposed or inaccessible, including the roof space or to raise boards, move anything, use a moisture detecting meter, or to arrange for the testing or electrical, heating or other services.
