Property Details

The Subject Property comprises a mixed-use retail and office building built in the early 1900s of traditional masonry construction with brick elevations featuring decorative stonework, surmounted by flat and pitched tiled roofs.

The building was formerly occupied by the Co-Operative until the 1980s. The accommodation is arranged over basement, ground and three upper floors. The Property provides a total Net Internal Area of 75,660 sq ft.

The Property is arranged on basement, ground and three upper floors to provide five ground floor units, three of which are sold off on long leases.

At ground floor level are five retail units and two communal entrance lobbies off Bridge Street, which provide access via staircases and passenger lifts to the office suites on the upper floors.

The upper parts comprise Walsall County and Family Court together with a number of office suites which are accessed via two large entrance lobbies on Bridge Street.

Each of these entrance lobbies is self-contained and leads to the communal stairway, passenger lift and corridors to serve each suite.

The office suites are positioned around communal corridors, off which are shared kitchenettes and WC facilities.

The basement is largely vacant but has previously been used for storage.

The specification generally comprises solid and suspended ceilings, a combination of fluorescent strip and recessed box panel lighting, plastered and painted walls, carpet floor covering, wall-mounted electric heaters, single glazed timber framed windows (secondary glazing in part), double glazed uPVC framed windows, two passenger lifts, one goods lift and CCTV.

Externally, there is a tarmacadam surfaced car park and loading area to the rear providing approximately 38 secure parking spaces and is accessed through a gated entrance. There is also a canopy covered dock level loading bay stretching the rear elevation of the building.

The property may lend itself to a variety of alternative uses and redevelopment, refurbishment or conversion to residential, subject to obtaining all necessary consents.

Location Report

Walsall is a large market town and is the administrative centre of the wider Metropolitan Borough of Walsall in the West Midlands.

Walsall is located approximately 6 miles east of Wolverhampton, 8 miles north west of Birmingham, 10 miles north east of Lichfield and 16 miles south east of Stafford. Walsall has a population of 67,594 (2011 census).

Walsall town centre is situated directly to the east of Junctions 9 and 10 of the M6 motorway therefore offering excellent motorway connectivity to the wider Midlands region. The M5 motorway is also situated only 2 miles to the south of the town.

Walsall train station benefits from four direct rail services per hour to Birmingham New Street with a travel time of approximately 22 minutes.

The Property is well located in the town centre, close to the Saddlers Shopping Centre and the A4148 ring road. Whilst Walsall train station is only a 7-minute walk.

The surrounding area is predominantly commercial and nearby occupiers include a range of regional and local operators including The Refugee and Migrant Centre (Walsall Branch), Allsopp and Associates Dental Practice, Connells Estate Agents, JD Wetherspoon and various independent takeaways.

Tenant Commentary

Units 3, 4, & 5 on the 1st floor, unit 9 on the 2nd floor, and 19 of the 38 car parking spaces, are let to The Secretary of State for Housing Communities and Local Government on behalf of The Crown (Walsall Court and Family Court). They are currently paying rent of £171,892 p.a. however the current lease expires on 24 December 2023.

Documentary evidence has been provided of ongoing negotiations, including a formal written Tenant's Request For A New Business Tenancy/Section 26 notice, received via solicitors.

A new 5-year lease has been agreed to commence 25/12/2023, with a tenant break on the third anniversary (provided 6 months notice has been served), at a rental of £171,892 per annum, paid quarterly in advance.

A 2-month rent free period has been agreed spread over the first year, and the passing rent to be maintained.

Unit 2 is let to Extra Recruitment Ltd - please see <https://www.extrarecruitment.co.uk/> - on a 5-year IRI lease commencing July 2022, with a tenant break in August 2025, at a rental of £17,000 p.a. Their latest balance sheet shows a modest net worth of £79.9k.

Unit 3 is let to MV Leisure (UK) Ltd, who have been holding over. It was let to them on an 8-year lease from April 2015 to April 2023. They have continued to pay **some** of their rent of £25,000 (annualised), but the Borrower advises that this is sporadic, and this rent has been excluded from our serviceability calculations above (their latest balance sheet shows a negative net worth of £11k).

The remainder of the accommodation is vacant as of the valuation date.

Valuation Commentary

A valuation of the property was carried out by BNP Paribas on 17 August 2023, a copy of which can be seen in the supporting documents. The valuation concludes the following:

- the Property is well located in the town centre
- the building appears to be in a condition commensurate to its age, design and use
- the office suites can readily be sub-divided either individually or on a floor-by-floor basis
- there is medium to long-term residential development potential (subject to planning)
- a marketing period of 3-6 months would be required to realise the reported market value
- a period of 12 months would be likely required to attract incoming tenants
- the Property is expected to appeal to local and regional occupiers
- the valuer had not been provided with the Report on Title, but will have been prior to drawdown, to confirm whether or not it effects the opinion of Market Value
- the Property represents suitable security for mortgage purposes
- should a new lease with the Secretary of State be executed at a rental of £151,750 per annum, with a tenant break option in December 2027, their opinion of Market Value will increase to £2,575,000.

Business Plan During Loan Term

The Borrower has refurbished the Property since acquisition, in particular the courthouse, in order to ensure their lease is renewed - windows, redecoration, elevators, new carpetting, and has also provided a secure car park for the court staff, with electric fobs.

Local agents will be used to let as many of the vacant units as possible, whilst the Borrower puts in for planning to convert the second and third floors to a scheme of 55 one-bedroomed and two-bedroomed apartments.

Exit Strategy

Plan A will be to refinance away to a development finance provider, if and when the planning approval is in place.

If this proves to be unrealistic within the timeframe, the Borrower will refinance away approaching maturity on to a longer term commercial mortgage with a lender at more competitive terms, and ideally with little or no Early Redemption fees.

Lender Risks	Mitigant	Risk Level
The Borrower is not able to successfully execute their business plan.	This loan is to an existing and experienced Borrower with a good Proplend track record to date. He also enjoys good relationships with other lenders including challenger banks. The Property is in a good location and has strong potential. The Borrower has successfully executed his business plan elsewhere in his portfolio consistently over recent years.	Medium

Lender Risks	Mitigant	Risk Level
The Borrower stops making monthly interest payments to Lenders due to loss of lease income and or tenants whose leases had ended, had exercised a lease break or have gone into receivership.	The Borrower has marginally increased the rents since the completion of the first loan, despite a difficult economic backdrop. The current ICR is within our parameters at 1.29x and from a solid tenant as things stand, provided the court continue to remain. The anchor tenant are part of the UK Government and provide undoubted covenant strength. There is vacant space to allow for lease up which will improve rental income and capital value over time, if let. Comfort may be further gained by our holding of a four month Interest Reserve.	Medium
The Borrower is unable to repay the loan principal at the end of the loan term because they have not been able to sell or re-finance the property.	As above, the Borrower has a good track record in achieving his Exit Strategy. The Borrower enjoys good relationships with other Lenders, as well as Proplend, including development finance providers, and this should prove a realistic refinance exercise approaching maturity.	Medium

Lender Risks	Mitigant	Risk Level
The Property falls in value due to either macroeconomic or property specific reasons	The Property may dip in value at any point throughout the loan term, however the Borrower has a good track record with this type of asset, increasing rental income over time, maintaining a reasonable LTV, and successfully refinancing away at more competitive terms. The LtLPV is currently 71% - the VPV is expected to increase, and the LtVPV reduce, once the planning consent has been obtained.	High
